The Sundance becomes stronger

After a successful event last year, the MAD of Lausanne, in partnership with the 2m2c decided to renew the Montreux Sundance Festival on the 3rd, 4th and 5th of April 2008. Prestigious stars such as Carl Cox, David Guetta, Martin Solveig and Simon Dunmore were brought together. In total, more than 50 DJs took turns on the stage of the three dance floors welcoming more than 15'000 fans of "electro" music. The 2m2c was turned into the biggest night club of Switzerland for the week end. Despite the record venue in large numbers of people, there was no incident: no fights, no crowd in the cloakroom and at the entrance. The 2m2c is proud to have been able to welcome thousands of night owls in a secure infrastructure. The Montreux Sundance Festival joins the famous festivals list of the 2m2c: "Jazz Festival", "Septembre Musical" and "Festival du Rire". See you next year!
